

# OUR MISSION AS SACRED HEART CHURCH

*Jesus was sent into the world to make God fully known by teaching, guiding, and serving the People of God. The earthly mission of Jesus was:*

- proclaiming the Good News of God's love for all people*
- establishing a prayerful community of believers*
- giving practical expression to the Gospel by serving the needs of others*

*The parish continues the mission of Jesus and the tradition of the early Church.*

*Thus, the parish vision and direction are focused in the areas of:*

- Word.....How the parish passes on the faith.*
- Worship.....How the parish expresses its relationship to God and provides for the spiritual growth of its members.*
- Service.....How the parish attends to the needs of people.*
- Stewardship.....How the parish takes ownership for developing a Catholic community and plans for the responsible use of gifts and resources.*
